Mr. Richard E. Blubaugh
Regulatory Affairs Manager
743 Horizon Court St. #202
Grand Junction, CO 81506

Richard
Dear Mr. Blubaugh:

Re: Atlas Confidential Files, M/037/053 ⁰⁵¹

The Division is in the process of reviewing our confidential files and we would like to obtain written permission from Atlas Minerals to transfer the following documents from Atlas confidential files to Atlas files in the public documents room:

1. Annual reports from the late 1970's which are labeled confidential. These reports show tonnages mined but otherwise do not contain anything that might be considered confidential.
2. Maps which show existing and proposed disturbed areas. Most of these maps are in the public documents room, but several were labeled as confidential by Atlas. These maps do not show claim boundaries or anything that we would ordinarily classify as confidential.

Atlas Minerals' confidential files also contain claim boundary maps. These maps will remain confidential unless Division review finds them to be unnecessary for our purposes. We will return them to Atlas if we no longer need them.

We will begin the file reorganization in January and would appreciate a response before that time.

Sincerely,

Lowell P. Braxton
Administrator
